

Jesuit Classical high school from Osijek

www.ikg.hr

Croatia

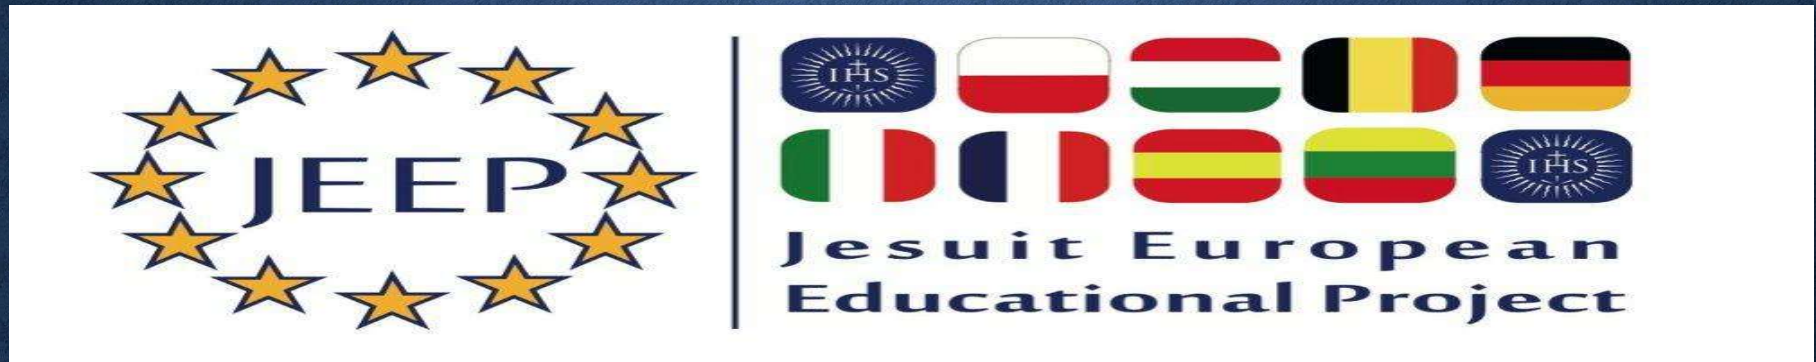

The project is a kind of simulation of the European Parliament involving nine delegations of students from different European Jesuit schools.

The goals are to meet students from different schools and countries and to discuss political, social and economic issues affecting life in the European Union, to compare different national plans for the future based on their own roots, resulting from discerning and promoting fairness and the common good as part of an educational, the educational project of the Society of Jesuits
